Other Business

PB-SD01-0116 – Kennedy

Mr. Faiman has walked the bounds.

A typo was found on the plan that was registered with HCRD 2/25/16. Ms. Pattison to communicate with Mr. Siciliano that a letter needs to be written to Wilton Planning Board explaining the mistake, a signature block for the Wilton

Planning Board needs to be included in his letter and the recording fee of \$13 needs to be paid.

Mr. Sam Proctor has communicated with Ms. Pattison regarding the language of the impact fees as written on the plan. According to the letter, improvements are being made to the house currently and there is a concern impact fees would need to be paid. If the house is moved or significantly modified – prompting a building permit/certificate, this would be in the jurisdiction of the Building Inspector. If the property owner plans to build a second dwelling unit on the lot he/she would need to come before the planning board and impact fees would be calculated at the 2016 rate. The buyers are welcome to come discuss with the Planning Board. The current language regarding impact fees is in square feet which is not consistent with the Wilton Land Use Laws and Regulations.

Planning Board “TO DO”

- Chairperson Kandt asked that we be more careful with signing plans to be sure there are not errors.
- Public Hearings that have been conditionally approved need to remain on the agenda until final approval.
- The Notice of Decision template needs more specific language.
- The definition of a New Development needs to be updated.

A MOTION was made by Mr. Faiman and SECONDED by Ms. Ewing to adjourn the meeting.

Voting: 5 ayes. Motion carried unanimously.

Chairperson Kandt declared the meeting adjourned at 9:50 PM.

Respectfully Submitted,
Sorrell Downing
Secretary
